

O.R.C.A Voice Command Guide

For Helldivers 2

Introduction

O.R.C.A (Orbital Recon & Command Assistant) is a voice-activated command system for Helldivers 2 that allows you to call in stratagems and perform other in-game actions. This started as just J.A.R.V.I.S but you can change the audio to be something other than J.A.R.V.I.S.

Wake Word: Say **wake word** followed by your command. By default, the wake word is Jarvis, but this can be changed in the GUI.

Common Voice Prefixes

These prefixes can come before any stratagem command:

- "give me a/an/my"
- "send me a" / "send in a/an/my"
- "I need a/an"
- "call in a/an"
- "hand me a/an/my"
- "send down a/an/my"
- "pass me a/an/my"
- "a/an"
- "activate" / "deploy"

Example: "Jarvis, give me an orbital railcannon" or "Jarvis, railcannon"

Stratagem Commands

Eagle Support

- "five hundred" or "five hundred kg"
- "strafing run"
- "airstrike"
- "cluster" or "cluster bomb" or "cluster strike"
- "napalm airstrike" or "napalm strike"
- "eagle smoke" or "eagle smoke strike"
- "rocket pods"

Orbital Support

- "airburst"
- "precision strike"
- "gas strike" or "chlorine"
- "ems strike"
- "orbital smoke"
- "orbital barrage" or "orbital three eighty" or "rain fire"
- "gatling barrage"

- "one twenty barrage" or "small barrage"
- "walking barrage"
- "laser"
- "napalm barrage" or "scorched earth"
- "railcannon" or "get rid of this titan/dragon"

Support Weapons

- "autocannon"
- "arc thrower"
- "railgun"
- "machine gun"
- "stalwart"
- "eat" or "e a t" or "anti tank"
- "recoilless" or "recoilless rifle"
- "flame thrower"
- "heavy machine gun"
- "airburst rocket" or "airburst rocket launcher"
- "commando"
- "spear"
- "wasp" or "wasp launcher"
- "grenade launcher"
- "laser cannon"
- "quasar" or "quasar cannon"
- "sterilizer"
- "arc launcher" (this is the de-escalator)
- "epoch" or "plasma epoch"
- "speargun" or "spear gun"
- "solo silo"
- "expendable napalm" or "napalm launcher"

Support Backpacks

- "jump pack"
- "supply pack"
- "guard dog rover"
- "guard dog"
- "guard dog dog breath" or "gas guard dog"
- "guard dog canine" or "guard dog k9" or "electric guard dog"
- "ballistic shield backpack" or "shield backpack"
- "shield generator pack"
- "directional shield"
- "portable hellbomb" or "hellbomb backpack"
- "hover" or "hover pack"
- "warp pack"

Sentries & Defensive Structures

- "gas mines" or "gas" or "gas them"
- "heavy machine gun turret" or "hmg emplacement"
- "shield generator"
- "tesla tower"
- "grenade wall" or "grenade battlement"
- "mines" or "minefield"
- "incendiary mines" or "flame mines"
- "anti tank mines" or "tank mines"

- "machine gun sentry"
- "gatling sentry"
- "mortar" or "mortar sentry"
- "autocannon sentry"
- "rocket sentry"
- "ems mortar" or "ems sentry"
- "anti tank turret" or "anti tank emplacement" or "gamer chair"
- "flame sentry"
- "laser sentry"

Vehicles

- "fast recon vehicle" or "frv" or "wheels"
- "patriot exosuit" or "iron patriot"
- "emancipator exosuit" or "autocannon exosuit" or "hulk buster"

General & Mission Items

- "reinforce" or "get him up"
- "resupply" or "supplies" or "need ammo" or "send ammo"
- "hellbomb"
- "sssd" or "s s s d" or "hard drive"
- "upload data" or "data upload"
- "super earth flag" or "the flag" or "plant the flag"
- "probe" or "seismic probe"
- "prospecting drill" or "geological drill"
- "tectonic drill"
- "hive breaker drill"
- "sos beacon" or "help" or "more divers"
- "seaf" or "fire the seaf" or "artillery"

Special Commands

Social Interactions

- "how are you" / "are you there" / "wake up"
- "good work" / "thank you" / "nice job"

Audio & Cinematic

- "play my music" / "play some music" / "introduce me" - Plays intro music
- "stop music" / "turn off music" - Stops intro music
- "make this cinematic" / "clip this" - Activates cinematic mode (music + HUD off)

UI Controls

- "turn off hud" / "toggle hud" - Toggles HUD visibility (set to '=' key)
- "reset timers" / "clear timers" - Resets cooldown timers

Calibration

- "calibrate center" - Calibrates center screen capture region
- "calibrate upper left" - Calibrates stratagem menu detection region

Special Responses

- "bug breach" or "we got a breach" - Deploys gas mines + orbital airburst combo

- "bug nest" or "what do you think of this bug nest" - Eagle 500kg with special response
- "we got a lot of titans" or "there are titans everywhere" - Eagle 500kg with special response
- "destroyer status report" / "ship status report" - JARVIS gives ship status
- "what is that" - Special response for unknown threats

Combo Commands

You can chain two stratagem commands together using conjunctions:

- "and"
- "then"
- "followed by"
- "and then"
- "followed with"

Example: *"Jarvis, orbital railcannon and then airburst"* - Calls in railcannon, waits for click, then calls airburst

Jammer Mode

When near stratagem jammers, O.R.C.A can use computer vision to detect arrow sequences from the stratagem menu icons. **This is only for the jammers that scramble the stratagem codes, not for the jammers that completely block stratagem inputs. This also only works for single commands, combo commands don't work in jammer mode currently.**

Activating Jammer Mode

- "I am jammed" / "I'm jammed"
- "jammer"
- "signal bypass"
- "bypass jammer"

Deactivating Jammer Mode

- "jammer destroyed" / "jammer off"
- "disable jammer"
- "bypass off"

Using Jammer Mode

While in jammer mode, say the name of any stratagem. JARVIS will:

- Open the stratagem menu
- Locate the icon using computer vision
- Detect the arrow sequence from the menu
- Execute the sequence automatically

Arrow Detection Mode

For extraction or other scenarios where O.R.C.A needs to detect arrow sequences from the center of your screen:

Step 1: Say "code" / "terminal" / "input" / "extract" / "get me out of here"

Step 2: Within 6 seconds, say "go" / "now" / "start" / "begin"

O.R.C.A will capture the center screen, detect arrows, and execute the sequence.

For the glory of Super Earth!
